

**New Jersey ACRE Energy Poll
Penn, Schoen & Berland Associates
September 20, 2007**

Methodology

Penn, Schoen & Berland Associates conducted 600 telephone interviews with New Jersey voters, September 15-17, 2007. Margin of error is $\pm 4.00\%$, and larger for subgroups.

Energy Attitudes

Of the following choices, which do you think is the cleanest form of energy for generating electricity?	All
Solar	43
Wind	30
Natural Gas	10
Nuclear	9
Oil	3
Coal	1
Don't know	4

Of the following choices, which do you think will provide the most reliable power?	All
Nuclear	26
Solar	24
Natural Gas	22
Wind	9
Oil	6
Coal	3
Don't know	10

Do you think more needs to be done to increase energy supplies for New Jersey for the years ahead or not?	All
Yes	88
No	7
Don't know	5

Which of the following sources should be developed to meet New Jersey's growing demand for electricity while meeting the state's clean air objectives?	All
Solar	40
Wind	23
Nuclear	16
Natural Gas	12
Oil	2
Coal	1
Don't know	5

Views on Nuclear Power Plants

Right now, what percent of the electricity used in New Jersey do you think is supplied by nuclear power plants located within the state? <i>Showing Mean %</i>	All
All	26

RESPONDENTS WERE READ:

Right now 51.8% of electricity power in New Jersey is provided by the four nuclear power plants located within the state. I'm going to ask you some questions about nuclear power

Do you support or oppose the use of nuclear power in New Jersey?	All
Support	58
Oppose	28
Don't know	14

Do you think nuclear power operators in New Jersey have a track record of operating in a safe manner?	All
Yes	69
No	15
Don't know	16

Do you think nuclear power plants are a clean way to provide New Jersey with power?	All
Yes	59
No	32
Don't know	9

Do you think nuclear power plants are an affordable way to provide New Jersey with power?	All
Yes	60
No	23
Don't know	17

Probe on Nuclear Energy

For each statement, please tell me if you agree or disagree Showing agree/disagree	All
I feel good about using nuclear power to provide more energy to New Jersey because studies have show it's a cleaner form of energy than coal, oil or gas.	68/25
I feel good about using nuclear power to provide more energy to New Jersey because it doesn't give off greenhouse gases in its production.	62/27
I feel good about using nuclear power to provide more energy to New Jersey because they operate the power plants safely.	62/28
I feel good about using nuclear power to provide more energy to New Jersey because it has a proven track record of providing power in a safe and reliable way.	61/31
I feel good about using nuclear power to provide more energy to New Jersey because it is a clean source of power.	59/35
